

Mister Lee's Farm-to-Table Ramen is meant to be a fun and nontraditional take on traditional Japanese noodles. We source from local farms like Wild Fox, Primordia, Profeta, Liberty Gardens, Doxology, and more to bring you the best meat and veggies our area has to offer. We make everything here and to order so just let us know if there is a change you would like to make or a dietary restriction we can accommodate. Happy Slurping!
